Mandatory Pool Closures

Per Wake County Health Department regulations, the pool may be closed due to the following circumstances:

1. Fecal contamination (swim diapers must be used for small children)
2. Broken glass in or around pool (Note: any Cornerstone Park member or guest who violates the “no glass” in the pool area rule will be responsible for the cost of draining and refilling the pool in the event that broken glass makes its way in the pool.)

In addition to the above-reference points it may be necessary to temporarily close the pool due to inclement weather. If there is bad weather at the start of the day and daily pool maintenance cannot be performed due to the weather, a delay may occur in the opening of the pool. If severe weather persists past 6:00 p.m. with no indication of clearing, the pool will remain closed for the rest of the day.

During inclement weather the following safety procedures will be followed:

1. Lightning – Lightning is life threatening and water seeking. If lightning is spotted, leave the pool area and seek shelter immediately. Members should get out of the water, wait 20 minutes or until the storm passes.
2. Thunder - If thunder is heard, members should get out of the water, wait 20 minutes or until the storm passes. Members may remain on the deck away from the water. Each time thunder is heard; the 20-minute rule should begin again.
3. Emergency - In the event of a severe storm, tornado, hurricane, or other catastrophe, members and guests must leave the facility. If it is unsafe to leave the area, members and guests should take shelter in the dressing room facility until it is safe to travel home.
